Okay. No other ideas from me...you are acting for her and we do want to keep things moving ahead!

Thanks!

Hi Mike – The memo for the Air Toxic Sampling in and Around the Alten Ethanol Facility QAPP is ready for signature and the concurrence was to be signed by Cecilia but with her out of the office for a couple of weeks, what shall we do? Can it just wait for her to come back? I have signed the concurrence and final memos plus the QAPP so everything else can move forward to Leland.

What are you thinking?

Thanks!
Diane H.
